

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Personally, I am increasingly reliant on broadcast news as my primary news source, so any action by the FCC that further concentrates media ownership and limits content source would in my opinion cause negative iatrogenic side effects to a citizen's expectation of informed political consent.
